

# MEDICAL MUSEUM SCIENCE CAFÉ 2016

## INSPIRING INNOVATION AND IMPROVEMENT IN AIR FORCE MEDICINE

TUESDAY, JANUARY 26, 6-7 PM

Join Brigadier General Jim McClain, Commander, Air Force Medical Support Agency, for a conversation about the great need for innovation in the medical community. And hear about the most important factor to advancing innovation ... leadership.

IMAGE CAPTION:  
U.S. Airmen assigned to the 455<sup>th</sup> Expeditionary Medical Group perform surgery for gunshot trauma on an Afghan National Defense and Security Forces soldier at the Craig Joint Theater Hospital, Bagram Air Field, Afghanistan, Sept. 26, 2015. The CJTH provides surgical capabilities in trauma, general surgery, orthopedics, neurosurgery, urology, vascular surgery and otolaryngology, all of which are critical to helping 98 percent of patients who come to the hospital survive their injuries.
