The Electronic Health Record

MHS GENESIS

Modern. Secure. Connected.

Engage in your health care and be a part of your health care team.

MHS GENESIS securely connects you with your health care team. With MHS GENESIS you can:

- Monitor your health information
- Update your patient profile
- Make medical and active duty dental appointments
- Send and receive secure messages to your health care team
- Request pharmacy refills
- See laboratory and test results

Once you move to a non-MHS GENESIS site, you will resume use of RelayHealth or TOL.

MHS GENESIS, go to <http://health.mil/MHSGENESIS>
