MAR 25 2010

The Honorable James H. Webb  
Chairman, Subcommittee on Personnel  
Committee on Armed Services  
United States Senate  
Washington, DC 20510

Dear Mr. Chairman:

We are pleased to forward the report prescribed in Section 751 of the National Defense Authorization Act for Fiscal Year 2001, which requires the Department of Defense to submit to Congress an annual written report on the number of Service members who have been separated as a result of refusing to participate in the Anthrax Vaccine Immunization Program (AVIP).

From January 1 through December 31, 2009, no Service members were separated as a result of refusing to participate in the AVIP. For your information, attached is a table identifying the Service, Service component, and rank of the Service members separated from calendar year 2004 to calendar year 2009. Because we have reported only one Service member separated since 2004 perhaps you would consider eliminating this annual requirement. The continuing value of this annual report is uncertain.

Thank you for your continued support of the Military Health System.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles L. Rice".
